Bright Beginnings Preschool

PHILOSOPHY

Bright Beginnings is a parent participation preschool and parent education program. A developmental approach to learning is emphasized. A variety of age appropriate activities are presented for exploration and observation. This approach allows for development of the whole child: emotional, physical, intellectual, and social.

Parent Program: Parents interact with and observe children in the preschool setting. They function as Teacher Aides in the classroom and on the playground. They assist the teacher, facilitate the learning process, and supervise for safety. A parent education discussion is included. Adult students meet with their teacher to learn developmentally appropriate practices and discuss different aspects of raising a young child including: cognitive development, social development, speech and language development, discipline techniques, and available community resources.

FUNDING

- Registration and Lab Fees (your contribution).
- State Funding based on **ADULT ATTENDANCE**.

ATTENDANCE

For this program to be safe and effective, all registered adults are required to attend once each week on their assigned workday.

IMMUNIZATIONS, TB TESTING AND OTHER STATE HEALTH REQUIREMENTS

Child - State law mandates that ALL CHILDREN in preschool have up-to-date immunizations on file.

Adult – ALL ADULTS WORKING IN PRESCHOOL MUST FURNISH PROOF THAT THEY DO NOT HAVE TB
